

DELEGATION IS IN WASHINGTON TO SAVE SHOPS

Mayor Leads Group That Left Saturday to Stay Baker's Head in Arsenal Removal.

Mayor Harry M. Schriver left at midnight Saturday as scheduled with a strong delegation from local organizations seeking to put up a fight in Washington to clinch the holding of Rock Island arsenal departments intact.

The delegation left with the cheering news that an amendment had been tacked on the arsenal bill providing that no money be provided for the removal of the arsenal.

The bill passed the senate Friday without a record vote and went to conference. The delegation left there with the determination to have no stone unturned in order that the amendment might be carried through to the bill.

Don't Get Machine Gun Plant, Late Saturday the mayor said that he had received information from Washington tending to show that there is no chance for the Rock Island arsenal to get the machine gun plant from Rochester, N. Y., as had been promised in return for the loss of the harness and other departments that were to be removed from here to Jeffersonville, Ind.

The mayor said that he had been given the best information that the secretary of war is now considering an offer of \$325,000 for the machine gun plant in a sale to a private corporation, and that he has estimated that after selling the plant the arsenal departments can be removed at a cost that would leave \$200,000 from the transaction. The mayor pointed out that this transaction is undoubtedly at the point of going through and that even in case it was not carried out and the machine gun plant, it would be of no benefit. He declared that the plant would only be placed in "cold storage" until the next war. On the other hand the mayor declared that if the government will only leave the arsenal departments intact the shops can be kept running full blast on peace time needs of government departments, rather than the war department, this work to be obtained as has been done for the past year in open bidding with private corporations.

The mayor asserted that the only way to avert the removals is to get the funds tied up, and declared that the chances are good for this to be brought about.

Colonel Harry B. Jordan, when interviewed this afternoon with reference to the statements of Secretary Baker, said that the secretary referred to the buildings only, that having been the plan of the department from the start.

MOON RED BUT NOT BOLSHEVİK

Many View Total Eclipse of Lunar Body—Professor Magnuson Explains Strange Coloring.

The moon celebrated May day just one day late but had a bit of red—not soviet—all its own nevertheless. A peculiar tinge of crimson which enveloped the moon as it underwent a total eclipse Sunday night was the only peculiar feature of the phenomenon.

The eclipse was watched with studied interest at the Augustana college observatory and Professor F. P. Magnuson, of the college faculty, today gave some interesting facts concerning the event: "The moon entered the shadow at 4:01 p. m., the total eclipse beginning at 7:15 and lasting until 8:27. The moon left the shadow at 9:41. The moon appeared red, due probably to the bending of light in its earth atmosphere and also to the light from the sky. The shadow of the earth extends out into space in the shape of a large cone for 860,000 miles. At the distance of the moon, which is 238,855 miles, it has a diameter of 5,776 miles, the diameter of the moon being about 2,000 miles. The time taken to get through the earth's shadow and also relative frequency of lunar as compared with solar eclipses."

RECORD VOLUME BUSINESS DONE

Free Employment Bureau Here Reports Largest Daily Business in Six Months.

Handling a daily volume of business which has been greater during the last week than any other week of the past six months, the local division of the Illinois free employment bureau placed 1,437 people seeking work during the last six days.

The monthly volume of business has been very much above the average, a great demand being created by the supply of all kinds of help, shop workmen, skilled mechanics, common laborers, farm hands and nearly every kind of assistance needed.

The unfavorable weather has caused a decrease in the demand for farm help, to such an extent that the local bureau has been able to quite completely fill it. The great volume of domestic help continues, without promise of any increase in applications for such positions.

ARVID SAMUELSON TO GIVE RECITAL

The fifth artists' concert of the season, given under the auspices of the conservatory of music of Augustana college, will be given Wednesday evening, May 5, by Arvid Samuelson, pianist, a director of the conservatory. The concert will be held in the college chapel beginning at 8:15. The reputation of Mr. Samuelson as a concert pianist has been proven on numerous occasions and much interest is being shown by local music lovers in the coming recital which will be his first in this city after a lapse of over two years.

The fifth artists' concert of the season, given under the auspices of the conservatory of music of Augustana college, will be given Wednesday evening, May 5, by Arvid Samuelson, pianist, a director of the conservatory.

These two officers go on duty at 7 a. m. and work until 6 p. m., giving their time exclusively to chasing automobile speed demons and to other traffic law violators.

Motorcycle Policemen.

Now come two more new men on the department. The city now has two motorcycle patrolmen, who work from 2 o'clock in the afternoon to 2 o'clock in the morning.

They are: Oscar J. Teisessier, 1437 Forty-sixth street, and William R. La Frenz, 605 Thirtieth avenue.

Teisessier covers the residential district beat south of Seventh avenue from Twenty-third street east to the Moline border.

La Frenz covers the residential district beat south of Seventh avenue from Twenty-third street west to the river. Both pull the police call boxes along their beats, and to all purposes are patrolmen, only they ride.

The object of Police Chief Tom Cox in putting on the motorcycle patrolmen is to give the residential district full police protection, which can be done better by two men on motorcycles than by two men on foot.

The arrangement makes for full police protection at less cost to the city.

Speed Cop Victims.

Of the 14 speeders arrested Saturday, seven claimed Davenport as their home town, four Rock Island, two Moline and one Bettendorf. In addition to the speeders, two Davenport men were arrested for driving their automobiles past street cars that had been stopped to take on and discharge passengers, making a total of 16 violators arrested and fined, nine of whom were from Davenport.

Those fined for speeding are: N. Graft, William Henle, Charles Cassidy, C. W. Hamilton, Clifford Temple, W. Leckland and Harrison Carter, all of Davenport; A. V. Esterdahl and Arthur Abramson, both of Moline; Orville Walker, Raymond Seib, George Gitman and E. Roberts of Rock Island and Ed Swanson of Bettendorf.

In addition to the 14 speeders, E. M. Richert and J. Layden, both of Davenport, paid fines for driving by street cars that had been stopped to take on and discharge passengers, making a total of 16 violators arrested and fined, nine of whom were from Davenport.

MOTOR COPS ON DUTY OVER ALL PARTS OF CITY

Sixteen Auto Law Violators Arrested Since Saturday—Two Speed Cops and Two Patrolmen.

Sixteen motor vehicle law violators have been fined by Magistrate D. J. Cleland in Rock Island police court, since last Saturday.

"There's a reason."

The city now has four motorcycle cops and all were on duty Saturday.

Detective Earl Shannon has drawn off the "gun shoes" and is riding a motorcycle in pursuit of speeders as of yore.

Aiding Shannon is V. C. Cox (no relation to Police Chief Tom Cox), 535 Twenty-second street, who is a new man on the force.

These two officers go on duty at 7 a. m. and work until 6 p. m., giving their time exclusively to chasing automobile speed demons and to other traffic law violators.

Motorcycle Policemen.

Now come two more new men on the department. The city now has two motorcycle patrolmen, who work from 2 o'clock in the afternoon to 2 o'clock in the morning.

They are: Oscar J. Teisessier, 1437 Forty-sixth street, and William R. La Frenz, 605 Thirtieth avenue.

Teisessier covers the residential district beat south of Seventh avenue from Twenty-third street east to the Moline border.

La Frenz covers the residential district beat south of Seventh avenue from Twenty-third street west to the river. Both pull the police call boxes along their beats, and to all purposes are patrolmen, only they ride.

The object of Police Chief Tom Cox in putting on the motorcycle patrolmen is to give the residential district full police protection, which can be done better by two men on motorcycles than by two men on foot.

The arrangement makes for full police protection at less cost to the city.
